# "The Perfect Containers for the Successful Recycling Program"

## Nurses Stations

**The Waste Watcher Recycling Station**  
 Available with connectors, signage and wheel dollies.  
 Sign frame can be attached to either the end or side of the container.  
 Multiple opening options available.  
 The 24" and 27" Waste Watcher fits under desk or counter.

**Smart Sort Recycling Station**  
 Available with an optional connector kit and multiple opening options

**28 Quart Recycling & Waste Basket**  
 Available with an optional Hanging Waste Basket

**Room-Mate**  
 Sleek stainless steel finish with two removable pull-out liners and a decal set

## In-Room & Specialty Recycling and Waste Containers

① Multi Recycler, ② Deskside Recycling Bin (BC1001), ③ Billi Boxes, ④ Recycling and Waste Basket with Hanging Waste Basket (BC1500), ⑤ Battery Recycling Bin

All of our containers are made with recycled content and are 100% recyclable.

An efficiently set up recycling program will decrease your impact on the environment.

## Secure Document Collection Containers

Sensitive documents must be collected in tamper proof containers to maintain a professional level of security.

① PDC-Personal Document Container, ② DuraFlex Console, ③ Secure Collection Carts available in a 32, 65 and 95 Gallon capacity

**Shredinator**  
Available in 3 height sizes. Features tamper proof lid for secure document storage

## Centralized & Lunch Room Solutions

**Diversity Series**  
This easily customized unit is available with choice of opening, labeling and is keyed alike

**Bermuda Series**  
Available as a single, double or triple unit

**Super Sorter Series**  
#1 Choice for Durability. Virtually maintenance free containers, available in 5 sizes (1in1, 2in1, 3in1, 3in1HD and 4in1HD) and many opening configurations

**Wave Duo and Wave Solo Indoor/Outdoor**  
Build-to-suit solution, optimally suited for high traffic areas such as cafeterias. Complete with secure lid space for food trays

**Evolution Series**  
This metal unit comes complete with front door access, custom openings and internal dividers

## What People are Saying About Busch Systems.

*"The wide variety of container options that Busch Systems offers makes it easy to set up collection spots for any location".*

*Matthew, EMU*

*"Appearance is almost as important as quality and recycled content percentage of the bins, especially in newly renovated buildings where aesthetics is important. Busch Systems recycling containers are aesthetically pleasing and custom-built to suit our needs".*

*Dan, Youngstown State*

*"The best design and highest quality containers make for maximum recycling participation rates. Don't settle for anything less."*
